PREMIUM SYNTHETIC GRASS

## MAGNOLIA HITTING PAD

**A significant upgrade to typical turf hitting mats, Magnolia Turf's Hitting Pad combine our modular shock-absorbing rubber foundation with our Performance Turf to provide a realistic experience from tee shots (using a real tee) to wedges.**

- *A cost-effective solution for simulator and golf room set ups*
- *Turf allows for realistic ball flight and is soft underfoot*
- *All-nylon fibers are UV resistant and extremely durable*
- *Tee up from anywhere on the mat using a standard tee right in the turf*
- *Modular rubber base provides a solid foundation with unmatched shock absorption and keeps the mat from sliding underfoot*
- *Available in our natural looking on-course green color turf*
- *Assembles in just a few easy, tool-free steps*
- *Custom sizes available*
